*Modernising and Harmonising Consumer Contract Law* Geraint Howells 2009-04-27 In October 2008 the European Commission published its Proposal for a Consumer Rights Directive which puts forward far-reaching changes to the core of consumer contract law: Four current directives are to be replaced by a new, overarching piece of legislation and in doing so full harmonisation for the most part is to take the place of the minimum standard presently in force in the EU. Although a welcome initiative, the extent and possible effects of the Proposal have certainly brought a number of issues to the fore. In January 2009, legal experts from universities, practice and the civil service met to address the points raised by the Proposal and the question of the extent to which it can indeed contribute to the modernisation and harmonisation of European consumer contract law. The papers presented at this conference analysed, criticised and suggested improvements for the Proposal and are published in this volume.

**Law and Ethics in Greek and Roman Declamation** Eugenio Amato 2015-03-10 Ancient declamation—the practice of delivering speeches on the basis of fictitious scenarios—defies easy categorization. It stands at the crossroads of several modern disciplines. It is only within the past few decades that the full complexity of declamation, and the promise inherent in its study, have come to be recognized. This volume, which contains thirteen essays from an international team of scholars, engages with the multidisciplinary nature of declamation, focusing in particular on the various interactions in declamation between rhetoric, literature, law, and ethics. Contributions pursue a range of topics, but also complement each other. Separate essays by Brescia, Lentano, and Lupi explore social roles—their tensions and expectations—as defined through declamation. With similar emphasis on historical circumstances, Quiroga Puertas and Tomassi consider the adaptation of rhetorical material to frame contemporary realities. Schwartz draws attention to the sometimes hazy borderline between declamation and the courtroom. The relationship between laws and declamation, a topic of abiding importance, is examined in studies by Berti, Breij, and Johansson. Also with an eye to the complex interaction between laws and declamation, Pasetti offers a narratological analysis of cases of poisoning. Citti discovers the concept of natural law represented in declamatory material. While looking at a case of extreme cruelty, Huelsenbeck evaluates the nature of declamatory language, emphasizing its use as an integral instrument of performance events. Zinsmaier looks at discourse on the topic of torture in rhetorical and legal contexts.

**EMU Integration and Member States' Constitutions** Stefan Griller 2021-02-25 In this book, legal scholars from the EU Member States (with the addition of the UK) analyse the development of the EU Member States' attitudes to economic, fiscal, and monetary integration since the Treaty of Maastricht. The Eurozone crisis corroborated the warnings of economists that weak economic policy coordination and loose fiscal oversight would be insufficient to stabilise the monetary union. The country studies in this book investigate the legal, and in particular the constitutional, pre-conditions for deeper fiscal and monetary integration that influenced the past and might impact on the future positions in the (now) 27 EU Member States. The individual country studies address the following issues: - Main characteristics of the national constitutional system, and constitutional culture; - Constitutional foundations of Economic and Monetary Union (EMU) membership and related instruments; - Constitutional obstacles to EMU integration; - Constitutional rules and/or practice on implementing EMU-related law; and - The resulting relationship between EMU-related law and national law Offering a comprehensive and detailed assessment of the legal and constitutional developments concerning the Economic and Monetary Union since the Treaty of Maastricht, this book provides not only a study of legal EMU-related measures and reforms at the EU level, but most importantly sheds light on their perception in the EU Member States.

*Feminist Judgments in International Law* Loveday Hodson 2019-09-05 The emergence of feminist rewriting of key judgments has been one of the most interesting recent developments in legal methodology. This unique enterprise has seen scholars collaborate in the 'real world' task of reassessing jurisprudence in light of feminist perspectives. This important new volume makes a significant contribution to the endeavour, exploring how key judgments in international law might have differed if feminist judges had sat on the bench. This collection asks whether feminist perspectives can offer meaningful and viable alternatives to international law norms; and if so, whether that application results in distinguishable differences in outcomes. It answers these questions with particular reference to sources of international law, the public and private divide, State responsibility, State immunities, treaty law, State sovereignty, human rights protection, global governance, and the concept of violence in international law. This landmark publication offers a truly innovative reassessment of international law. Winner of the 2020 ASIL Certificate of Merit for a Preeminent Contribution to Creative Scholarship.

*General Exception Clauses in International Investment Law* Levent Sabanogullari 2018-08-06 Das Buch ist die erste umfassende Untersuchung allgemeiner Ausnahmetatbestände im internationalen Investitionsrecht. Die Aufnahme dieser Klauseln in Investitionsschutzabkommen ist eine Reaktion auf die Legitimitätskrise des internationalen Investitionsrechts. Sie verfolgen das Ziel, einen Ausgleich zwischen dem Investitionsschutz und nicht-wirtschaftlichen Rechtsgütern, wie dem Schutz der öffentlichen Gesundheit, zu ermöglichen. Auf Basis einer empirischen Studie zur Verbreitung dieser Ausnahmetatbestände in der aktuellen Vertragspraxis wird zunächst ihre Herkunft aus dem Welthandelsrecht näher beleuchtet und dargelegt, weshalb sie erst relativ spät ihren Eingang in das Investitionsrecht gefunden haben. Nach einer Darstellung ihrer Vor- und Nachteile werden Hinweise zur Interpretation allgemeiner Ausnahmetatbestände gegeben. Schließlich wird ihr Zusammenspiel mit anderen Schutzstandards, wie dem Enteignungsverbot und dem Gebot der fairen und gerechten Behandlung, analysiert.

**EU Prospectus Law** Pierre Schammo 2011-05-19 Pierre Schammo provides a detailed analysis of EU prospectus law (and the 2010 amendments to the Prospectus Directive) and assesses the new rules governing the European Securities and Markets Authority, including the case law on the delegation of powers to regulatory agencies. In a departure from previous work on securities regulation, the focus is on EU decision-making in the securities field. He examines the EU's approach to prospectus disclosure enforcement and its implementation at Member State level and breaks new ground on regulatory competition in the securities field by providing a 'law-in-context' analysis of the negotiations of the Prospectus Directive.
